## Rieter zeigt Resilienz im anspruchsvollen ersten Halbjahr 2025

### Sehr geehrte Aktionärin, sehr geehrter Aktionär

Im ersten Halbjahr 2025 verzeichnete Rieter einen Bestellungseingang von 355.4 Mio. CHF (1. Halbjahr 2024: 403.4 Mio. CHF). Dies entspricht einem Rückgang von rund 12% gegenüber der Vorjahresperiode. Die erwartete, breitere Markterholung hat aufgrund des globalen Handelskonflikts (insbesondere US-Strafzölle) und der geopolitischen Unsicherheit zu Verschiebungen bei Investitionsentscheidungen aufseiten der Kunden geführt.

Wie bereits im März 2025 angekündigt, stellte das erste Halbjahr 2025 in Bezug auf das Umsatzvolumen eine Herausforderung dar, entsprach jedoch weitgehend den Erwartungen aufgrund des tiefen Bestellungsbestands. Der Umsatz lag bei 336.2 Mio. CHF und blieb damit 20% unter jenem der Vorjahresperiode (1. Halbjahr 2024: 421.0 Mio. CHF).

### Bestellungseingang

Die Division **Machines & Systems** verbuchte einen Bestellungseingang von 166.9 Mio. CHF (1. Halbjahr 2024: 211.5 Mio. CHF). Machines & Systems verzeichnete zwar eine erhöhte Angebotsnachfrage, der Abschluss von Aufträgen wurde jedoch aufgrund der Ungewissheit bezüglich der Zolltarife und der geopolitischen und wirtschaftlichen Lage erheblich beeinträchtigt.

Die Division **Components** erzielte einen Bestellungseingang von 95.7 Mio. CHF (1. Halbjahr 2024: 117.6 Mio. CHF) und leidet unter der geringeren Nachfrage nach

Komponenten für Neumaschinen, hauptsächlich infolge der zurückhaltenden Investitionstätigkeit am Markt.

Die Division **After Sales** verzeichnete einen erfreulichen Anstieg des Auftragseingangs von 25% auf 92.8 Mio. CHF (1. Halbjahr 2024: 74.3 Mio. CHF). Dieser Zuwachs bestätigt die initiierten strategischen Wachstumsinitiativen. Der Auftragseingang profitiert von den verstärkten Vertriebsaktivitäten in den Zielmärkten, beispielsweise in Zentralasien und in China, sowie vom weiteren Ausbau des Service- und Reparaturnetzes.

## Umsatz

Die Division **Machines & Systems** erreichte einen Umsatz in Höhe von 144.0 Mio. CHF (1. Halbjahr 2024: 198.7 Mio. CHF), was einem Rückgang von rund 28% entspricht. Gleichzeitig führten Unsicherheiten in Bezug auf die Marktentwicklung bei einzelnen Kunden zu Projektverzögerungen, was negative Auswirkungen auf den Bestellungseingang und auf den Umsatz hatte.

In der Division **Components** sank der Umsatz gegenüber dem Vorjahr um 10% auf 113.9 Mio. CHF (1. Halbjahr 2024: 126.5 Mio. CHF). In den auf Neumaschinen ausgerichteten Geschäftseinheiten blieb der Umsatz unter der Vorjahresperiode, während sich die auf Verbrauchsmaterialien oder auf Chemiefasern ausgerichteten Geschäftsbereiche stabiler entwickelten.

Die Division **After Sales** verbuchte einen Umsatz von 78.3 Mio. CHF (1. Halbjahr 2024: 95.8 Mio. CHF). Während sich das Geschäft mit Modernisierungen und Reparaturen (Engineered Solutions) positiv entwickelte, führte das schwächere Umsatzniveau bei Machines & Systems zu geringeren Einnahmen aus der Installation von Neuanlagen.

## Bestellungsbestand

Das Unternehmen verfügte per 30. Juni 2025 über einen Bestellsbestand von rund 510 Mio. CHF (1. Halbjahr 2024: 640 Mio. CHF).

## Sondereffekte, EBIT, Reingewinn, Free Cashflow

Die Berichtsperiode war geprägt von **Sondereffekten** aus der geplanten Akquisition von Barmag und von Restrukturierungskosten in Höhe von 14.6 Mio. CHF.

Trotz des Umsatzrückgangs erzielte Rieter ein operatives Resultat (vor Restrukturierungs- und Transaktionskosten) von -2.7 Mio. CHF.

Aufgrund der bestehenden Kapazitäten und der Fixkostenstruktur liegt der Umsatz im ersten Halbjahr 2025 unter der operativen Gewinnschwelle. Rieter geht weiterhin davon aus, dass der Umsatz in einem normalisierten Marktumfeld deutlich über dem aktuellen Niveau liegen wird.

Rieter konnte bei den Overhead-Kosten erneut einen erheblichen Betrag einsparen. Diese beliefen sich im ersten Halbjahr 2025 auf rund 104.9 Mio. CHF (1. Halbjahr 2024: 119.8 Mio. CHF). Die Zahlen belegen, dass die definierten Kostensenkungsmassnahmen konsequent umgesetzt wurden.

Im ersten Halbjahr 2025 resultierte aufgrund der genannten Effekte auf Stufe **EBIT** ein Verlust in Höhe von 17.3 Mio. CHF (1. Halbjahr 2024: 10.0 Mio. CHF).

Rieter schloss das erste Halbjahr 2025 mit einem Verlust auf Stufe **Reingewinn** von 20.0 Mio. CHF ab (1. Halbjahr 2024: 1.7 Mio. CHF). Der Rückgang ist auf das tiefere Umsatzvolumen im ersten Halbjahr 2025 zurückzuführen.

Der **Free Cashflow** belief sich im ersten Halbjahr 2025 auf -36.7 Mio. CHF (1. Halbjahr 2024: -1.1 Mio. CHF). Dieser resultierte aus dem Verlust auf Stufe Reingewinn und den erhöhten Beständen von Fertigfabrikaten, die aufgrund der makroökonomischen Gesamtlage von Kunden noch nicht abgerufen wurden.

### **Ausserordentliche Generalversammlung der Rieter Holding AG**

Am Donnerstag, 18. September 2025, findet eine ausserordentliche Generalversammlung der Rieter Holding AG statt, an der über die zur Finanzierung der Akquisition der Division Barmag vorgesehenen Kapitalerhöhungen im Rahmen der Bezugsrechtsemission und der Privatplatzierung sowie über die Wiedereinführung des aufgrund der vorgesehenen Kapitalerhöhungen von Gesetzes wegen dahinfallenden Kapitalbands abgestimmt werden soll. Die grössten Rieter-Aktionäre Peter Spuhler (rund 33% Aktienbesitz) und Martin Haefner (rund 10% Aktienbesitz) unterstützen die Kapitalerhöhungen und haben sich verpflichtet, sich anteilig an der Bezugsrechtsemission durch Ausübung ihrer Bezugsrechte zu beteiligen sowie zusätzliches Kapital im Rahmen der Privatplatzierung zu investieren. Zusätzlich soll allenfalls über eine Kapitalherabsetzung durch Nennwertreduktion abgestimmt werden, wobei der betreffende Herabsetzungsbetrag den gesetzlichen Reserven aus Kapitaleinlagen zugewiesen werden soll und es somit zu keinem Mittelabfluss kommen wird. Die Akquisition der Division Barmag soll, vorbehaltlich der Zustimmung der Aufsichtsbehörden, voraussichtlich per Ende Geschäftsjahr 2025 abgeschlossen sein.

Die Einladung zur ausserordentlichen Generalversammlung mit den Traktanden und den Anträgen des Verwaltungsrats wird voraussichtlich am Montag, 25. August 2025 an die Aktionärinnen und Aktionäre verschickt und im Schweizerischen Handelsamtsblatt sowie auf der Webseite von Rieter publiziert.

### **Ausblick für das Gesamtjahr 2025 angepasst**

Der Rieter-Konzern rechnet für das Geschäftsjahr 2025 mit einem stärkeren zweiten Halbjahr, das von der weiteren Markterholung abhängt. Da sich die Marktbelebung aufgrund der makroökonomischen Unsicherheiten verlangsamt hat, passt Rieter seine Umsatzprognose für das Gesamtjahr 2025 an. Das Unternehmen (ohne Berücksichtigung der Division Barmag) geht neu von einem Umsatzvolumen von rund 750 bis 800 Mio. CHF (bisher: auf Vorjahresniveau von rund 860 Mio. CHF) aus.

Ohne Restrukturierungskosten und Kosten im Zusammenhang mit der Akquisition von Barmag rechnet Rieter für das Gesamtjahr 2025 mit einer operativen EBIT-Marge am unteren Ende der Spanne von 0% bis 4%.

Freundliche Grüsse

**Thomas Oetterli**

Präsident des Verwaltungsrats und Chief Executive Officer

Winterthur, 17. Juli 2025

# Notes to the consolidated semi-annual financial statements

## 1 General Information

### 1.1 Basis for presentation and material accounting policies

The consolidated semi-annual financial statements of Rieter Holding Ltd. and its subsidiaries (“Rieter” or “Rieter Group”) have been prepared in accordance with IAS 34 Interim Financial Reporting. They are based on the financial statements of the individual group companies prepared in accordance with Rieter’s uniform accounting policies as of June 30, 2025. The material accounting policies summarized in the Annual Report 2024 were amended in the first half of 2025 in accordance with the new and revised IFRS Standards and Interpretations. The implementation of these changes in IFRS had no significant impact on the consolidated semi-annual financial statements.

The consolidated semi-annual financial statements have not been audited by the statutory auditor. The consolidated income statement and the consolidated cash flow statement are presented in a condensed form.

### 1.2 Significant accounting estimates and judgments

Rieter has reviewed the areas involving relevant significant accounting estimates and key judgments (see note 1.2 in the consolidated financial statements 2024), particularly the assumptions and financial plans underlying the goodwill impairment test and the intangible assets allocated to Accotex. The review did not indicate any impairment.

### 1.3 Foreign exchange rates

The following foreign exchange rates of importance for Rieter were used in the preparation of the consolidated semi-annual financial statements, as well as for the financial statements of group companies:

Country/region	Currency (unit)	Average period CHF rates		Period-end CHF rates	
		January – June 2024	January – June 2025	December 31, 2024	June 30, 2025
China	CNY 100	12.32	11.89	12.40	11.11
Czech Republic	CZK 100	3.84	3.76	3.74	3.78
Euro countries	EUR 1	0.96	0.94	0.94	0.94
India	INR 100	1.07	1.00	1.06	0.93
USA	USD 1	0.89	0.86	0.91	0.80

## 1.4 Adjustment of the comparative period

Developments in recent years, particularly the increased operational significance and integration, have made Electro-Jet S.L. (Gurb, Spain) and Prosino S.r.l. (Borgosesia, Italy) – both suppliers of Rieter – an integral part of Rieter’s business. Consequently, the recognized share in profit or loss of associated companies had been reclassified from the financial result to the operating result in the second half of 2024. Therefore, the comparative period of 2024 has been restated. The EBIT impact in the first half of 2025 amounted to CHF 0.1 million (first half of 2024: CHF 1.1 million). With the interest in voting rights in Prosino S.r.l. increasing from 49 to 60 percent on November 1, 2024, Rieter changed the entity from equity accounting to full consolidation. On January 1, 2025, Rieter acquired further 10% of Prosino S.r.l. (Borgosesia, Italy) as part of its purchase obligation at the same valuation as the initial transaction.

## 2 Significant Events

---

### 2.1 Acquisitions

#### Significant pending transactions

On May 5, 2025, Rieter Holding Ltd. (Winterthur, Switzerland) signed a definitive agreement to acquire Barmag from OC Oerlikon at an upfront equity purchase price of CHF 713.4 million.

With this acquisition, Rieter strengthens and expands its technology position in the textile industry and positions itself in the growing market for man-made fibers. The transaction is fully in-line with Rieter's strategy and follows previous acquisitions, where Rieter complemented its portfolio in short-staple fiber machinery and expanded its footprint in components and machinery for man-made fiber production. The combined platform allows to leverage the recovery of global filament and short-staple fiber spinning markets and to reduce cyclicity due to diversification of end-markets. The acquisition will further enhance Rieter's position in the important Asia-Pacific region and provide access to Barmag's filament expertise, which will help to further scale Rieter's own capabilities and improve digitization solutions and product sustainability.

Barmag comprises the established product brands Oerlikon Barmag, Oerlikon Neumag, and Oerlikon Nonwoven, which are providers of filament spinning systems used in the manufacturing of man-made fibers, texturing machines, Bulk Continuous Filament systems, staple fiber spinning, and nonwoven solutions and – as an engineering services provider – offers solutions along the textile value chain. In the financial year 2024, the company generated sales of CHF 734.0 million with around 2 600 employees.

The transaction values Barmag at an enterprise value of CHF 850.0 million. The enterprise value of CHF 850.0 million represents a through-the-cycle EV/EBITDA<sup>1</sup> of 6.3x (excluding synergies). If certain financial criteria are achieved by 2028, an earn-out component of up to CHF 100.0 million will be paid to the seller. A maximum of CHF 36.8 million will be paid to the seller with respect to the future cash savings generated from the utilization of existing tax loss carry-forwards during a limited period (of five years).

The acquisition financing is secured by a bridge loan facility of CHF 852.4 million from UBS. Refinancing the bridge facility will happen through a fully underwritten CHF 400.0 million rights issue with tradable subscription rights, a CHF 77.4 million non-preemptive private placement, which is fully committed and subscribed by Rieter's two largest shareholders and bank financing. The fully secured financing ensures the balance sheet stability of Rieter.

The acquisition of Barmag is expected to close in the fourth quarter of 2025, subject to customary closing conditions, including regulatory approvals.

---

<sup>1</sup> Based on adjusted EBITDA for the financial years 2017-2024.

## Significant transactions

On January 5, 2024, Rieter Holding Ltd. (Winterthur, Switzerland) acquired 100% of the shares of Petit Spare Parts SAS (Aubenas, France). This entity is active in the business of spare parts for textile machines and employs ten full-time employees. The purchase price amounted to CHF 1.4 million. The acquired net assets primarily consist of inventories. No goodwill resulted from the acquisition.

On November 1, 2024, Rieter Holding Ltd. (Winterthur, Switzerland) acquired 11 percent of the shares of Prosino S.r.l. (Borgosesia, Italy), thereby increasing its investment to 60 percent. This company manufactures rings for spinning machines and had been a previous supplier of Rieter. Prosino S.r.l. employs 90 full-time employees. With the acquisition of Prosino S.r.l., Rieter has strengthened its portfolio of high-quality ring components, particularly spinning and twisting rings, which will be allocated to the Components segment.

A further 10 percent of the shares were bought on January 1, 2025 and an additional 10 percent will be bought on January 1, 2026, at the same valuation as the initial transaction in 2024. For the remaining 20 percent of the shares, Rieter Holding Ltd. has a call option effective from January 1, 2027, while the seller is granted a put option effective from January 1, 2028. The exercise prices for the call and put options are based on an EBITDA multiple including a cap and a floor. The redemption amount for this part of financial liability has been determined considering these clauses. The maximum amount to be paid is EUR 4.4 million (CHF 4.1 million).

Under the anticipated acquisition method, the contract was accounted for as if the forwards (purchase obligations of 10 percent on January 1, 2025, and 10 percent on January 1, 2026) had been satisfied by the non-controlling shareholders and the put option (effective from January 1, 2028) had been exercised already. Accordingly, Rieter did not recognize a non-controlling interest in the consolidated financial statements and accounted for the business combination as if it had acquired a 100 percent stake. The respective forward and put liabilities for the remaining shareholding of 40 percent were recognized as financial liabilities in the consolidated balance sheet.

The purchase price of the shares amounted to EUR 2.2 million (CHF 2.1 million) and was settled against cash. The transaction resulted in goodwill of CHF 5.0 million. The goodwill is attributable to the acquired workforce and the complementary nature of the acquired business. It is not deductible for tax purposes. The acquired business contributed sales of CHF 1.4 million and a net result of CHF -0.1 million to the Group for the period from November 1 to December 31, 2024. If the acquisition had occurred on January 1, 2024, the consolidated pro-forma sales and the net result for the year ended December 31, 2024 would have been CHF 866.3 million and CHF 12.1 million, respectively. These amounts were calculated based on the business results, adjusted by the differences in the accounting policies between Rieter and Prosino S.r.l. and by the additional depreciation and amortization that would have been charged assuming the fair value adjustments to inventories, property, plant, and equipment, and intangible assets applied from January 1, 2024, together with the consequential tax effects.

The following table presents a breakdown of assets acquired and liabilities assumed as at November 1, 2024:

CHF million	<b>Prosino S.r.l.</b>
Cash and cash equivalents	4.6
Trade receivables	0.9
Other current receivables	1.1
Inventories	4.4
Property, plant, and equipment	8.6
Intangible assets	2.2
Other non-current assets	1.4
<b>Assets</b>	<b>23.2</b>
Trade payables	2.0
Other current liabilities	3.5
Advance payments from customers	0.1
Non-current financial debt	2.8
Deferred income tax liabilities	0.6
Other non-current liabilities	0.3
Non-current provisions	0.5
<b>Liabilities</b>	<b>9.8</b>
<b>Fair value of pre-existing interest in voting rights (49%)</b>	<b>9.2</b>
Consideration paid in cash (11%)	2.1
Forward and put liabilities (40%)	7.1
<b>Total consideration (51%)</b>	<b>9.2</b>
Fair value of net identifiable assets acquired	13.4
<b>Goodwill</b>	<b>5.0</b>

There have been no adjustments to the purchase price allocation presented in the Annual Report 2024.

The identified intangible assets comprise the value of customer relationships (CHF 1.3 million) and the related brands and trademarks (CHF 0.9 million). The fair value of the acquired trade receivables amounted to CHF 0.9 million. The gross contractual amount of invoiced trade receivables was CHF 1.0 million, with a respective allowance of CHF 0.1 million recognized at the acquisition date.

Transaction costs of CHF 0.1 million relating directly to the acquisition were recognized as other expenses in the consolidated income statement 2024 as incurred in the second half of 2024.

## 2.2 Disposal of land and buildings in Winterthur

On May 27, 2025, Rieter sold the land and buildings no longer required for operations at Klosterstrasse in Winterthur (Switzerland) to Töss Campus AG (Winterthur, Switzerland), an entity controlled by a foundation related to Rieter. The transaction was conducted at a market value of CHF 15.7 million.

At June 30, 2025, Rieter has an outstanding receivable balance of CHF 1.0 million from Töss Campus AG, which is unsecured and interest-free.

The following table summarizes the effects of the disposal on the consolidated semi-annual income statement 2025:

		CHF million
Disposal consideration (gross) <sup>1</sup>		15.7
Carrying amount of land and buildings		– 2.1
Costs directly attributable to the disposal		– 0.0
<b>Gain on disposal of property, plant, and equipment<sup>2</sup></b>	<b>EBIT</b>	<b>13.6</b>
Income taxes related to the gain on disposal		– 0.7
<b>Impact of disposal of land and buildings in Winterthur on net profit</b>	<b>Net profit</b>	<b>12.9</b>

<sup>1</sup> Included in the line item "Proceeds from disposals of property, plant, and equipment" in the condensed consolidated cash flow statement, excluding the outstanding receivable balance in the amount of CHF 1.0 million.

<sup>2</sup> Included in the line item "Gain on disposal of property, plant, and equipment" in other income (see note 5).

## 2.3 Restructuring and impairment

As a result of the persistently difficult market conditions and economic environment in various key markets, Rieter recorded a low order intake. In response to this development, Rieter initiated further restructuring measures. Rieter intends to relocate customer-focused functions to its sales markets, combine resources and simplify processes. The implementation of the respective measures started in the second half of 2024, continued in the first half of 2025, and will be concluded within the next twelve months. In the first half of 2025, restructuring expenses in the amount of CHF 9.9 million include mainly severance payments and outplacement costs. In addition, impairment losses on property, plant, and equipment were recognized in the amount of CHF 0.5 million.

### 3 Segment information

Segment information is based on the Group's organization and management structure and internal financial reporting to the Chief Operating Decision Maker up to the level of EBIT. The Chief Operating Decision Maker at Rieter is the Chief Executive Officer. Segment reporting is based on the same accounting policies as those used for the preparation of the consolidated financial statements. The Group consists of three reportable segments: Machines & Systems, Components, and After Sales. There is no aggregation of operating segments. Rieter Machines & Systems develops and manufactures machinery and systems used to convert natural and man-made fibers and their blends into yarns. Rieter Components supplies technology components to spinning mills and textile machinery manufacturers as well as precision winding machines. Rieter After Sales serves Rieter customers with spare parts, value-adding after-sales services, and solutions over the entire product life cycle.

#### Segment information January – June 2025

CHF million	Machines & Systems	Components	After Sales	Total reportable segments
Total segment sales	144.0	134.5	78.3	356.8
Inter-segment sales	0.0	20.6	0.0	20.6
<b>Sales</b>	<b>144.0</b>	<b>113.9</b>	<b>78.3</b>	<b>336.2</b>
Operating EBIT <sup>1</sup>	- 31.6	0.2	6.3	- 25.1
Operating result before interest and taxes (EBIT)	- 38.4	- 2.4	5.6	- 35.2
Purchase of property, plant, and equipment, and intangible assets	1.3	1.7	0.1	3.1
Depreciation, amortization, and impairment	6.4	13.0	1.5	20.9

#### Segment information January – June 2024

CHF million	Machines & Systems	Components	After Sales	Total reportable segments
Total segment sales	198.7	151.4	95.8	445.9
Inter-segment sales	0.0	24.9	0.0	24.9
<b>Sales</b>	<b>198.7</b>	<b>126.5</b>	<b>95.8</b>	<b>421.0</b>
Operating EBIT <sup>1</sup>	- 9.8	5.1	20.9	16.2
Operating result before interest and taxes (EBIT)	- 9.9	5.1	20.9	16.1
Purchase of property, plant, and equipment, and intangible assets	1.8	3.3	0.7	5.8
Depreciation, amortization, and impairment	6.5	12.7	1.6	20.8

<sup>1</sup> The definitions of the APM used are published on the Rieter [website](#).

**Reconciliation of segment results**

CHF million	January – June 2024	January – June 2025
Operating result before interest and taxes (EBIT) of reportable segments	16.1	- 35.2
Gain on disposal of land and buildings in Winterthur <sup>1</sup>	-	13.6
Restructuring costs and impairment losses which are not allocated to reportable segments <sup>2</sup>	- 0.1	- 0.3
Share in profit of associated companies <sup>3</sup>	1.1	0.1
Transaction costs directly related to the acquisition of Barmag	-	- 4.2
Other result that is not allocated to reportable segments	- 7.1	8.7
<b>Operating result before interest and taxes (EBIT), Group<sup>3</sup></b>	<b>10.0</b>	<b>- 17.3</b>
Financial result <sup>3</sup>	- 5.1	- 7.0
<b>Profit before taxes</b>	<b>4.9</b>	<b>- 24.3</b>

<sup>1</sup> See note 2.2.

<sup>2</sup> See note 2.3.

<sup>3</sup> See note 1.4.

The result that is not allocated to reportable segments includes all those elements of income and expenses that are not allocated on a reasonable basis to the other segments, such as certain costs of central functions and infrastructure (internally reported as “Corporate”).

## 4 Sales

Sales are divided into the following categories:

CHF million	January – June 2024	January – June 2025
Sales of products	393.4	314.9
Sales of services	27.6	21.3
<b>Sales</b>	<b>421.0</b>	<b>336.2</b>

Sales of services are mainly incurred at Rieter After Sales.

## 5 Other income and expenses

CHF million	January – June 2024	January – June 2025
Rental income	0.4	0.5
Gain on disposals of property, plant, and equipment <sup>1</sup>	0.2	13.8
Disposals of materials for recycling purposes	0.4	0.8
Miscellaneous other income	13.9	9.5
<b>Other income</b>	<b>14.9</b>	<b>24.6</b>
Restructuring expenses <sup>2</sup>	0.0	- 9.9
Impairment losses on property, plant, and equipment <sup>2</sup>	- 0.2	- 0.5
Transaction costs directly related to the acquisition of Barmag	0.0	- 4.2
Losses from accounts receivable	- 0.9	0.0
Foreign exchange differences (net)	- 0.2	- 2.7
Miscellaneous other expenses	- 7.1	- 2.9
<b>Other expenses</b>	<b>- 8.4</b>	<b>- 20.2</b>

<sup>1</sup> See note 2.2.

<sup>2</sup> See note 2.3.

Miscellaneous other income includes income that is not presented as sales, such as income from export incentive schemes or from government grants.

Miscellaneous other expenses include expenses that are not directly linked to the cost of sales or which cannot be allocated to research and development expenses or selling, general, and administrative expenses.

## 6 Operating result before interest, taxes, depreciation, amortization, and impairment (EBITDA)

The operating result before interest, taxes, depreciation, amortization, and impairment (EBITDA) is used by Rieter as an alternative performance measure. The table below contains a reconciliation of EBITDA:

CHF million	January – June 2024	January – June 2025
Operating result before interest and taxes (EBIT) <sup>1</sup>	10.0	- 17.3
Depreciation, amortization, and impairment	26.8	27.5
<b>Operating result before interest, taxes, depreciation, amortization, and impairment (EBITDA)<sup>1</sup></b>	<b>36.8</b>	<b>10.2</b>

<sup>1</sup> See note 1.4.

## 7 Changes in Group structure

In the first half of 2025, the subsidiary SSM Vertriebs AG (Steinhausen, Switzerland) was merged into SSM Schärer Schweiter Mettler AG (Wädenswil, Switzerland). Furthermore, the subsidiary Wilhelm Stahlecker GmbH (Suessen, Germany) was merged into Spindelfabrik Suessen GmbH (Suessen, Germany) and Rieter Deutschland GmbH & Co OHG (Ingoldstadt, Germany) into Rieter Vertriebs GmbH (Ingoldstadt, Germany). The changes in Group structure had an insignificant impact on the consolidated semi-annual financial statements 2025.

In the first half of 2024, the subsidiary Rieter Management AG (Winterthur, Switzerland) was merged into Maschinenfabrik Rieter AG (Winterthur, Switzerland), which in turn changed its name to Rieter Ltd. (Winterthur, Switzerland). Moreover, the subsidiary Hogra Holding AG (Freienbach, Switzerland) was merged into Tefina Holding-Gesellschaft AG (Zug, Switzerland) and Rieter Ingolstadt GmbH (Ingolstadt, Germany) was merged into Spindelfabrik Suessen GmbH (Suessen, Germany). Additionally, Rieter acquired Petit Spare Parts SAS (Aubenas, France, see note 2.1). As part of a reorganization, Changzhou Rieter Textile Machinery Trading Co., Ltd. (Changzhou, China) was incorporated as a subsidiary of Rieter China Textile Instruments Co. Ltd. (Changzhou, China). The changes in Group structure had an insignificant impact on the consolidated semi-annual financial statements for 2024.

## 8 Financial instruments

The following table shows the financial instruments that are measured at fair value, grouped according to the categories defined in the accounting policies:

CHF million		December 31, 2024	June 30, 2025
Marketable securities	Assets, level 1	0.1	0.1
Other financial assets	Assets, level 2	1.3	1.2
Other financial assets	Assets, level 3	0.5	0.5
Derivative financial instruments (positive fair values)	Assets, level 2	3.5	3.7
Derivative financial instruments (negative fair values)	Liabilities, level 2	2.4	4.3

There were no transfers among the categories and the valuation techniques have been applied consistently. Financial instruments measured at level 2 consist mainly of derivatives held for hedging purposes entered into with reputable financial institutions. The fair value of these instruments is determined with the help of valuation techniques that use foreign exchange rates and interest rates as observable input parameters.

On June 30, 2025, the financial debt measured at amortized cost includes two fixed-rate bonds: one with a carrying amount of CHF 99.7 million (December 31, 2024: CHF 99.7 million) and a fair value of CHF 98.9 million (December 31, 2024: CHF 98.0 million) and a second with a carrying amount of CHF 69.8 million (December 31, 2024: CHF 69.8 million) and a fair value of CHF 71.2 million (December 31, 2024: CHF 71.5 million). Both bonds are listed on the SIX Swiss Exchange and are included in the balance sheet line item "Non-current financial debt".

The carrying amounts of the financial instruments measured at amortized cost approximate fair values due to their mainly short-term nature (except for non-current lease liabilities).

## 9 Changes in material accounting policies

The new or amended standards and interpretations listed below have been issued by the International Accounting Standards Board (IASB), but are not yet in effect:

<b>New or amended standards and interpretations</b>	<b>Effective date</b>	<b>Planned application by Rieter</b>
Amendments to the Classification and Measurement of Financial Instruments— Amendments to IFRS 9 and IFRS 7 <sup>1</sup>	January 1, 2026	Financial year 2026
Contracts Referencing Nature-dependent Electricity—Amendments to IFRS 9 and IFRS 7 <sup>1</sup>	January 1, 2026	Financial year 2026
Annual Improvements to IFRS Accounting Standards—Volume 11 <sup>1</sup>	January 1, 2026	Financial year 2026
IFRS 19 Subsidiaries without Public Accountability: Disclosures <sup>1</sup>	January 1, 2027	Financial year 2027
IFRS 18 Presentation and Disclosure in Financial Statements	January 1, 2027	Financial year 2027

<sup>1</sup> No impact or no significant impact is expected on the consolidated financial statements.

IFRS 18 will have a significant impact on the presentation and disclosure of the consolidated financial statements in 2027 and the comparative period in 2026. The impact relates to the structure of the consolidated income statement and the consolidated cash flow statement as well as the disclosure of management performance measures in the consolidated financial statements.

## 10 Events after balance sheet date

The Semi-Annual Report 2025 was approved for publication by the Board of Directors on July 17, 2025. No events have occurred up to July 17, 2025 which would necessitate adjustments to the carrying amounts of the Group's assets or liabilities or which would require disclosure.
